kaplanpathways.com/your-path

Anthony is on his path . . .

I've always wanted to work in banking, so I decided to pursue my dream by studying abroad. While in Zimbabwe, I discovered that I could take a pathway course with Kaplan, which would help me gain entry to a degree at the University of Brighton in the UK.

Zimbabwe is very far away from the UK, so I was a bit scared of coming here, but I'm glad I did because I've had an amazing time. I've met lots of new people, and I've been able to continue my hobbies.

My pathway course has really helped me to feel prepared for my degree. The Kaplan tutors teach you like you're already at university, but they give you extra help at the same time.

I think studying abroad is perfect if you want to grow as a person and get out into the world to experience new things.

I'm happy that I found the right course and university for me, and that I'm on my path to my dream job.

Anthony from Zimbabwe
On his path to the University of Brighton

. . . where will your path take you?

5 steps

to a great degree and career

A degree from an excellent university can change your life. These 5 steps show your path to university abroad with Kaplan; it's easier than you might think.

1.

Complete your current high school or university studies.

If you then decide you want to study a bachelor's or master's degree, we can help you gain access to more university options abroad.

2.

Choose a Kaplan pathway course and apply.

A pathway course can help you qualify for entry to the degree you want, while also preparing you for university in a different country. Applying is simple, and we'll be here to guide you.

3.

Study your pathway course in your destination country.

Your course will improve your academic and language skills, and is often taught on the campus of the university you have applied to.

4.

Progress to your university degree.

Once you've met the progression requirements for your pathway course, you'll enrol on your chosen bachelor's or master's degree at university, and you'll be fully prepared!

5.

Graduate from university and start your career.

When you finish your degree, you can graduate with a bright future ahead. With a good education and international experience, you'll be well placed to begin a successful career.

What is a pathway course?

› [Learn more on the next page.](#)

Why study a pathway course?

A pathway course is the perfect way to make sure you can study the degree you want. You'll start university fully prepared for the challenges ahead.

Michelle from Kenya
On her path to the
University of Nottingham

Benefits of taking a pathway course

Taking a pathway course will really help your education and career prospects. It can enable you to get into a better university, so you'll end up with a more impressive degree after you graduate. It will give you all the skills and knowledge you need to be prepared for university study, and for life in another country. A big part of this is the chance to make lifelong friendships with people from all over the world. Pathway courses are available for bachelor's and master's degrees; whatever level you're studying at, it's good to be prepared!

Our guarantee

When you study a pathway course with Kaplan, you are guaranteed entry to your university degree when you pass at the required level, with good attendance.

What subjects can I study?

› Find out more on the next page.

Start.

Start your pathway course, often on the campus of the university you applied to.

Develop.

Develop your knowledge in your chosen subject area.

Learn.

Learn the academic skills you will need for university study.

Improve.

Improve your English language level if you need to.

Progress.

Once you've finished your pathway course, you can progress to your university degree.

What can I study?

When you study with Kaplan, you can do things your way. You'll have a huge range of degrees and subjects to choose from, with options for both pathway courses and direct admission.

Routes to bachelor's degrees

We offer you a wide range of pathway courses that lead to undergraduate degrees. There are also options for students who qualify to enrol directly onto a degree, or who wish to complete a degree they've already started at a different university and transfer existing credits.

Undergraduate pathways in the UK, USA and Australia include the Foundation Certificate (typically leading to the 1st year of a bachelor's degree), and International Year One (leading to the 2nd year of a bachelor's degree).

Routes to master's degrees

There are a number of ways you can enrol on a master's degree with Kaplan, including through a pathway course, typically taken on the campus of the university you'd like to study at. As well as pathway courses, there are options for direct admission to a master's degree if you qualify.

Postgraduate pathways – or simply graduate pathways in the USA – will allow you to take your higher education one step further. Available courses include a Pre-Master's, which can help you progress to a master's degree.

Study options in the UK

You have a huge range of pathway options for studying in the UK. We'll help you get a great education, your way.

Pathway courses

With Kaplan, you have 3 main types of pathway course available in the UK.

Foundation Certificate (FC)

Qualify for entry to the 1st year of an undergraduate / bachelor's degree.*

Entry requirements: typically, successful completion of high school, and between IELTS 4.0 and 5.5.

Course length: usually 6 to 15 months

International Year One (IYO)

Qualify for entry to the 2nd year of an undergraduate / bachelor's degree.

Entry requirements: typically, successful completion of high school with good grades, and between IELTS 4.0 and 5.5.

Course length: usually 7 to 15 months

Pre-Master's (PM)

Qualify for entry to a postgraduate / master's degree.

Entry requirements: typically, at least 3 years of higher education or equivalent, and between IELTS 4.5 and 5.5.

Course length: usually 6 to 15 months

Study costs

Pathway course tuition fees are typically between £12,590 and £28,980, depending on which course you take. You'll also need to consider other costs like your university tuition fees (which can range from £13,250 and £24,000 per year†), general living costs, accommodation, course books and student insurance.

More information about fees and other costs:

University of Birmingham

› kaplanpathways.com/university-of-birmingham

The University of Birmingham is a leading global university, and a member of the UK’s elite Russell Group. Its beautiful, traditional campus offers you impressive facilities and a welcoming atmosphere.

Diverse community

At the University of Birmingham, you’ll enjoy life on a global campus and meet people from around the world. There are 5,000+ international students who come from more than 150 countries, and over 30% of academic staff are from overseas. Studying at Birmingham is therefore a great opportunity for you to become part of a worldwide network of talented graduates.

Fantastic facilities

As a student at the University of Birmingham, you will benefit from the excellent facilities on its stunning 250-acre campus. These include one of the UK’s largest academic libraries and a new £55 million sports centre. Between 2016 and 2026, the University is investing more than £600 million in buildings, laboratories, equipment and resources.

Take advantage of the University’s cutting-edge facilities

Green surroundings

As the UK’s ‘second city’, Birmingham is a great destination for students like you. It’s a lively, multicultural place where you can enjoy a wide range of cuisines, a wonderful arts scene and fantastic sports. The city also has more trees than any other equivalent-sized European city, so you can relax in its many green spaces!

Join Essex's vibrant student community

Historic county

Colchester is located in the county of Essex, which is home to an incredible coastline and many historic villages. There's lots for you to explore here, and it is just a short train ride from London. This makes it great for students because you can enjoy being near the capital, but with a lower cost of living.

Discover Essex's beautiful coastline

"I've found that Essex is a great place to immerse myself in UK culture. I'm involved with different societies like the Theatre Arts Society, and I've joined the football club. It's exciting to try new things!"

University of Glasgow

› kaplanpathways.com/university-of-glasgow

As one of the UK's 'ancient universities', Glasgow has a long history of academic accomplishment. With great rankings, both in the UK and internationally, Glasgow will help you go on to great things.

Impressive history

The University of Glasgow was founded in 1451, meaning it has been producing brilliant graduates for over 500 years! The tradition continues today, with students coming from more than 140 different countries to study at this prestigious and impressive Scottish university.

Incredible campus

Arriving at Glasgow's campus, you might think that you've stepped into a fantasy world! With stunning Gothic buildings and beautiful grounds, the campus features amazing scenery. But it also contains all the state-of-the-art facilities and modern resources you need to succeed on your degree.

Learn on a beautiful, traditional campus

"I love exploring Glasgow. I really like visiting Kelvingrove Park, which is where we go to have barbecues or play football. And the riverside is a nice place to take a walk – there's lots to discover!"

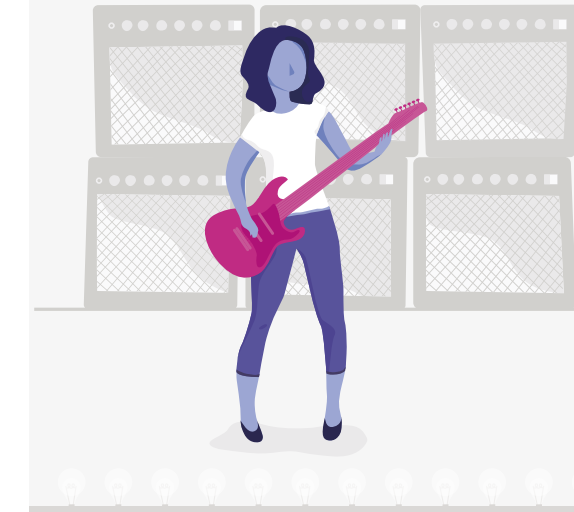

Christians from Venezuela

is on his path to gaining a master's degree in International Law

Scottish culture

As Scotland's largest city, Glasgow is an exciting place to study, with a lot going on. You can enjoy the Kelvingrove art gallery, as well as museums, fantastic shopping, independent cafés and restaurants all across the city. The music scene in Glasgow is also particularly vibrant, with an average of 100 live music events per week!

Explore Glasgow's culture at the Kelvingrove Art Gallery

University of Liverpool

› kaplanpathways.com/university-of-liverpool

As a member of the elite Russell Group, Liverpool is one of the UK's top universities. You can live and learn in the vibrant city of Liverpool, and become a proud graduate of a globally respected university.

Red brick university

The University of Liverpool is the original 'red brick' university, which means that it's part of a group of prestigious UK institutions. As a Liverpool graduate, you'll be very attractive to employers thanks to the University's reputation, both in the UK and across the world, for academic excellence.

Study at a respected red brick university

Research and teaching experts

Liverpool has an excellent research record, and its teaching received an impressive Silver award in the 2018 Teaching Excellence Framework, so you'll be in the right place for a great education. The University offers you fantastic facilities like state-of-the-art science labs, plus 2 libraries with 24-hour access.

Achieve your ambitions at Liverpool

Lively city

Liverpool is one of the most cosmopolitan cities in the UK, and great for student life. It's well known for its 2 Premier League football teams, but there is more than just sport to experience. You can explore the city's museums and art galleries, like the Beatles Museum and the Tate Modern, or simply relax by the waterfront.

"I think Liverpool is one of the best places to study abroad. I like its history and spending time at the city's waterfront. There are also lots of different communities here, so you'll meet people from around the world!"

University of Nottingham

› kaplanpathways.com/university-of-nottingham

The University of Nottingham is a member of the prestigious Russell Group, and is among the UK's most elite universities. With a famously beautiful campus, Nottingham is a wonderful place to be a student.

Stunning surroundings

The University of Nottingham is an ideal place to study, thanks to its fantastic campus that has won a Civic Trust Green Flag Award for its design. The 300-acre campus offers pretty parks and gardens, attractive architecture, a tranquil lake, and all the facilities and amenities you need to make the most of your study experience.

Study on an award-winning campus

Graduates that go far

The University of Nottingham was awarded a Gold rating in the Teaching Excellence Framework 2017, meaning you will receive the very best education. Great teaching also helps the University's students go on to success, with employers actively seeking out Nottingham graduates.

Be part of Nottingham's international student community

History and culture

Nottingham is a fun-filled city, offering a unique student experience. It hosts a wide range of great cultural events, including the Nottingham Festival of Words, a celebration of literature. There are also many ways to see the city's history: from visiting its Castle to exploring its underground cave network, and discovering the legend of Robin Hood!

"The people in Nottingham are very friendly, and I really feel at home here. When the weather is nice, I usually go to the main campus with friends and we walk by the lake or rent a bike – it's lovely."

Pace University

Study options in the USA

With so many routes to a US university degree, we'll help you find your best path to an incredible education.

Pathway programs

There are 2 main types of pathway program available in the USA.

Undergraduate pathway (UP)

Qualify for entry to the 1st or 2nd year of a bachelor's degree. Start earning transferable credit with an academic pathway.

Entry requirements: successful completion of high school with minimum 2.0 GPA, and minimum TOEFL 55 or equivalent*

Program length: usually between 2 and 12 months

Graduate pathway (GP)

Qualify for entry to a master's degree. Start earning transferable credit with an academic pathway.

Entry requirements: bachelor's degree or equivalent with minimum 2.5 GPA, and minimum TOEFL 55 or equivalent*

Program length: usually between 2 and 12 months

Study costs†

Pathway programs will typically cost between \$10,375 and \$34,500, depending on the program you choose and your English language level. Intensive English programs start at \$2,800 per 8-week level. You'll also need to consider other costs, including your university tuition (which ranges between approximately \$10,000 and \$50,000 per year), general living costs, housing, course books and health insurance.

Find out more about tuition and how to apply:

› kaplanpathways.com/us-apply

Direct admission

If you meet all entry requirements, we can help you gain admission directly to a degree at one of our US university partners.

Bachelor's Completion (BC)

Finish your bachelor's degree with a streamlined program in selected majors

Entry requirements: at least 32 credits of previous undergraduate study with minimum GPA 2.25, and at least TOEFL 79 or equivalent

Degree length: usually 24 months

Bachelor's degree admission (B)

Go straight into the 1st year of a bachelor's degree.

Entry requirements: completion of high school with minimum GPA 2.5, and at least TOEFL 61 or equivalent

Degree length: typically 4 years, but up to 5 years if you do work experience placements as part of your degree

Master's degree admission (M)

Go straight into a master's degree or graduate certificate (GC).

Entry requirements: bachelor's degree or equivalent with minimum GPA 2.5, and at least TOEFL 78 or equivalent

Degree length: typically 1–2 years for a master's degree, or 8 months for a graduate certificate

What else can I study?

In addition to pathway programs and direct admission to a bachelor's or master's degree, we offer other routes to US universities.

Pre-Sessional English

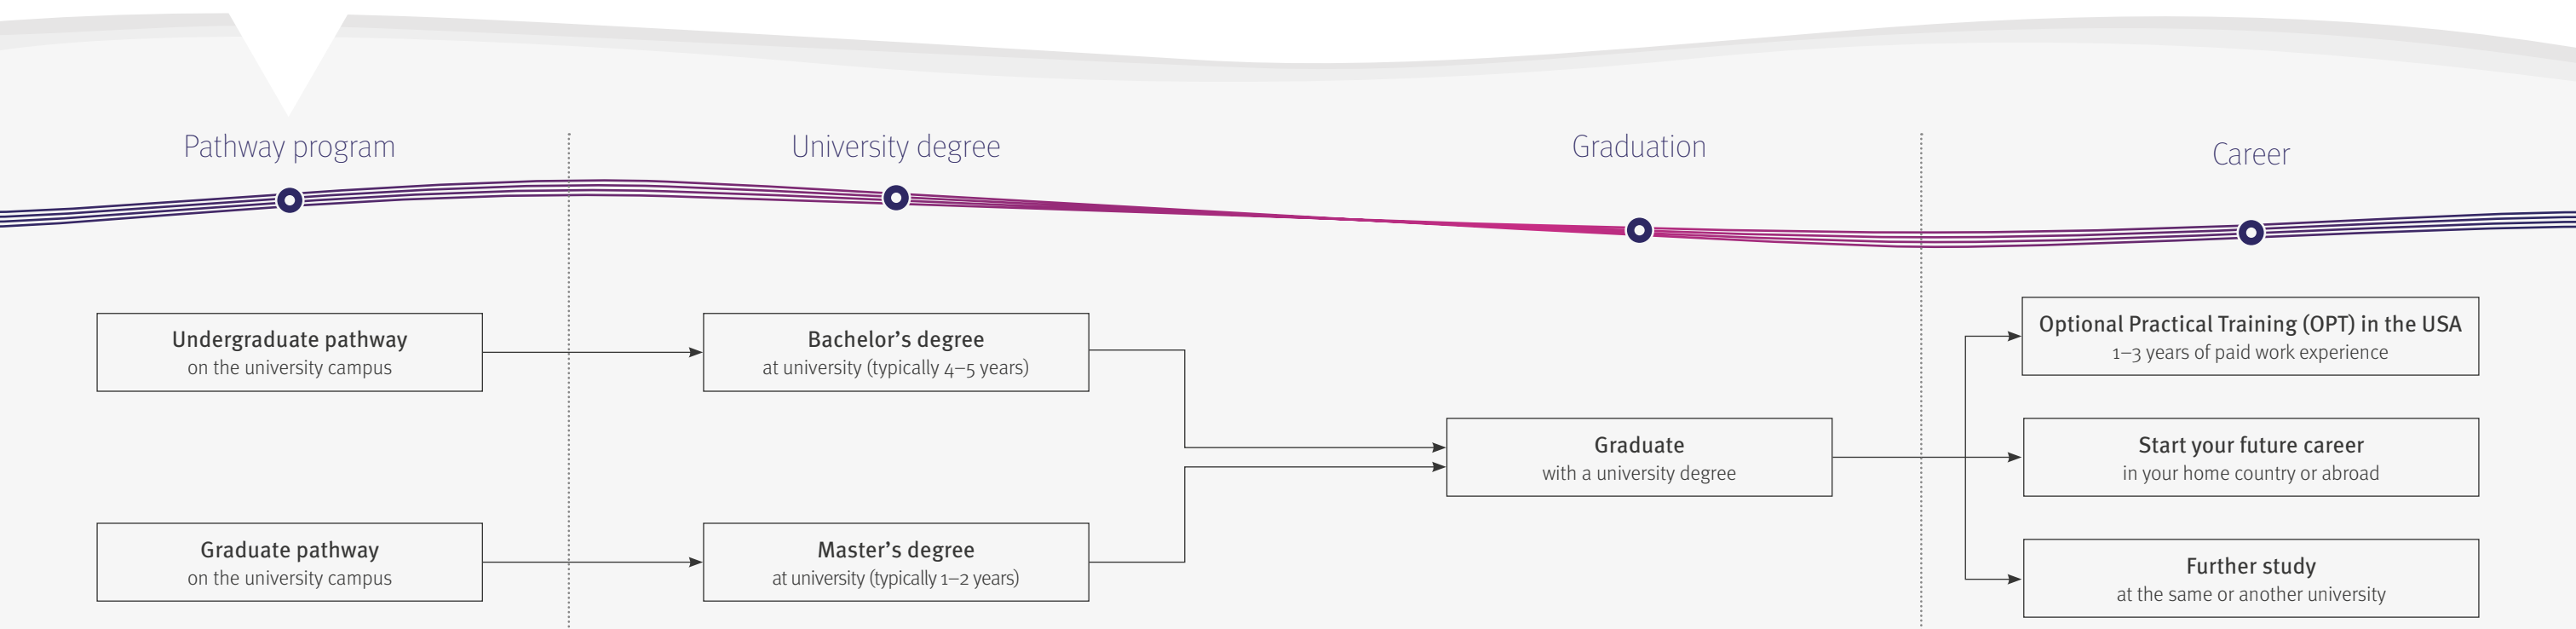

Ideal if you just need to raise your English language level to meet the entry requirements of your conditional admission to a degree, graduate certificate, or pathway program.

› kaplanpathways.com/pse

Transfer into a US undergraduate degree

Through the transfer admission system in the USA, you can join Year 2 or 3 of a bachelor's degree if you have existing undergraduate credits, or a qualification such as a higher diploma or associate's degree.

› kaplanpathways.com/transfer-admission

* Intensive English programs have lower TOEFL requirements. Academic pathways may have higher GPA and English requirements, depending on your desired progression degree.

† Costs are based on the 2018-19 academic year. Prices for 2019-20 will be available online from Spring 2019.

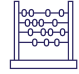

Subjects by university

Explore our US degree finder

Enjoy life on Northeastern's beautiful campus

Northeastern University

› kaplanpathways.com/northeastern-university

With campuses in Boston, Seattle and Silicon Valley, Northeastern University (NU) is a private university with a vast global network. Its leading interdisciplinary research and extensive career resources will help you chart your path to personal and professional success.

World-class research

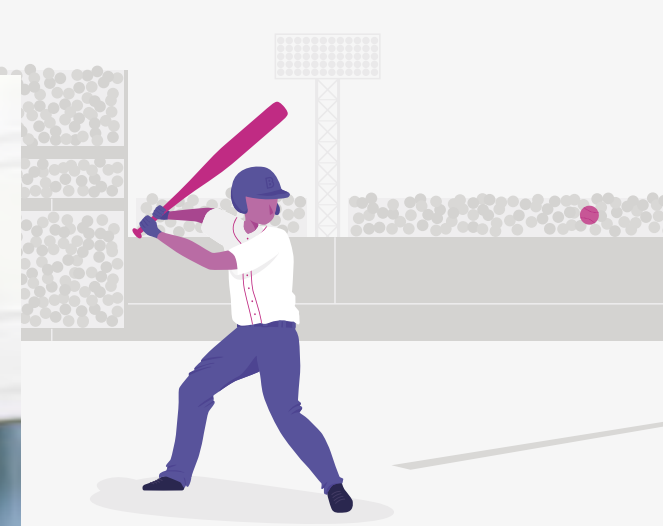

Northeastern is a truly top-tier research institution, and the 8th most innovative university in the USA (U.S. News Education 2019). NU received over \$160 million in outside research funding in 2017–18, allowing it to carry out important projects in many fields. As a student here, you can find opportunities to work with faculty on research in globally-relevant areas such as health, security and sustainability.

Exceptional work experience

Enhance your classroom learning with valuable real-world experiences. NU's cooperative education (co-op) program allows you to combine academic studies with full-time work placements in your field. Graduate students can do 6-week projects that will inform business decisions for real companies. With over 3,000 employer partners around the world, you'll have access to incredible career connections.

Relax with friends in your favorite spot

Unbeatable locations

In the heart of Boston, NU's campus is a truly great choice for studying. Boston has over 50 universities and ranks as the USA's #1 student city (QS Best Student Cities 2018). An exciting destination for sports fans, the city is home to the famous Red Sox baseball and Celtics basketball teams. Meanwhile, Northeastern's graduate campuses in Seattle and Silicon Valley are integrated into the West Coast's dynamic business and technology scenes.

"Boston is very easy to navigate by walking, cycling or using the subway. Because it's a major city and there are so many universities here, you'll find lots of fun events every week!"

Study at a highly ranked US university

The University of Tulsa

› kaplanpathways.com/university-of-tulsa

The University of Tulsa (TU) offers world-class academics, top-level sports, and an exciting campus experience in the heart of America’s Midwest. Study at this high-ranking private US university with strong global connections.

Outstanding facilities

At TU, you’ll gain hands-on experience that will enhance classroom learning. State-of-the-art laboratories offer the chance to build the skills you’ll need to succeed in your future career. These include a professional-level financial technology lab, a full-sized oil rig, and a huge arts complex with recording studios and the latest editing software.

Global community

With almost one-quarter of TU’s students coming from outside the USA, you’ll make friends from all over the world. Diverse viewpoints are especially welcome here at TU. Multicultural student clubs organize popular campus events year-round, such as the annual International Night Market, which showcases food from around the world.

Enjoy the University’s international environment

“When I visit other US cities, I miss my home in Tulsa! Everyone is very friendly here and says ‘Hello’ and ‘How are you?’ Those little things mean a lot when you are far away from home.”

Lijia from China

is on his path to gaining a bachelor’s degree in English

Ideal study location

In Tulsa, you get the best of both worlds: a friendly small city with the benefits of a major urban area. Ranked one of America’s most affordable college towns (Great Value Colleges 2017), the former “Oil Capital of the World” has beautiful Art Deco architecture, an excellent arts scene, and lush natural beauty for you to enjoy.

Study at a prestigious research university

University of Adelaide

> college.adelaide.edu.au/uoa

The University of Adelaide is one of Australia's leading research-intensive universities, and is part of the prestigious Group of Eight. As a student here, you'll gain the knowledge, skills and creative experience needed to succeed.

Ground-breaking research

The University of Adelaide is home to an innovative, research-intensive culture, and its modern infrastructure helps its researchers to tackle global challenges. You'll benefit from access to state-of-the-art facilities as you learn from experts at the cutting-edge of worldwide developments. The end result is a degree that can take you far in life.

Small group learning

The University of Adelaide is committed to giving all students the opportunity to learn in small groups. You will therefore enjoy classes that focus on peer-to-peer learning under the guidance of leading academics and researchers. This great experience will enhance your creativity, and maximise the benefits of studying at such a research-focused university.

Benefit from Adelaide's focus on peer-to-peer learning

Welcoming city

Located in South Australia, Adelaide offers a low cost of living, and is a popular destination for international students. It was ranked as one of the world's top 10 most liveable cities by The Economist in 2017, and you can enjoy its many cultural events and green spaces, explore the city centre, or relax on the beach.

"My experience in Adelaide has been unforgettable and I have become a well-rounded student. Adelaide is a great city to study in, and the teachers are all friendly and help make me feel at home."

Murdoch University

› murdochinstitute.wa.edu.au/mu

Murdoch University is home to a community of free-thinking students and academic staff. You'll study at an innovative campus in Perth, where you'll learn the real-world knowledge and skills needed to enjoy a successful professional career.

World-class facilities

At Murdoch, you'll have access to a range of impressive, hi-tech facilities. These include a nationally renowned engineering pilot plant, fully equipped TV and radio studios, sports science performance labs, and a world-class law moot court. You'll also have 24-hour access to computer labs and the Library Learning Common.

Leading academics

Murdoch's teaching staff have won awards, published books and are fully committed to helping you gain the best education possible. More than 73% of Murdoch teachers hold a doctoral degree, so you'll be supported by top academics from around the world and will benefit from their incredible knowledge and experience.

"Perth is a great place to study, and a place where I feel relaxed and comfortable. Outside of the classroom, I enjoy using Murdoch's library for study and the Student Village for hanging out with friends."

Malik from Singapore

is on his path to gaining a bachelor's degree in Business and Law

Sunny city

A cosmopolitan city in Western Australia, Perth is a youthful and diverse place, and one of the world's top 10 most liveable cities (The Economist 2017). It has 3,000 hours of sunshine per year, more than any other Australian regional capital city, so you'll enjoy amazing weather while you study.

Learn your way

At each Kaplan centre, you'll find teachers who love what they do. You'll learn from people with experience and expertise, helping you follow your path to university.

Custom courses

Our pathway courses are specially designed with international students in mind, and will help prepare you for university. Focusing on your English language, academic skills and subject knowledge, your course will make sure you're ready for degree-level study.

Fantastic facilities

Each of our centres is fully equipped with all the modern facilities you need to get a great education. Along with exceptional teaching equipment, you'll also have access to university facilities and resources such as libraries, IT suites, sports centres and more.

Exceptional teachers

The teaching staff at our centres really are experts in their fields. They are dedicated to giving students like you the best education possible, and have years of experience. When learning from an inspiring teacher, there's no limit to what you can achieve.

A fulfilling experience

A pathway course isn't just about academic learning; it will also help you adjust to life somewhere new. You'll learn more about your host country, its culture and what life is like there. Ultimately, the course will help you get the most out of your time abroad!

Watch our teacher tips video:

> kpln.org/teachers-tips

"My first job is to make you feel welcome and reassured when you arrive. We can then focus on making your academic journey easier by breaking it down into achievable steps. Students respond really well to this approach."

Simon Aldcroft
Programme Leader at Nottingham Trent International College

Before you arrive

There's a lot to think about before you leave your home country, but don't worry. We'll give you lots of support and advice as you take the first step on your path to university.

First contact

As soon as you first contact Kaplan, we'll be here to give you step-by-step support, free of charge. We'll give you expert advice on the universities, degrees and pathway courses available to you, and will make sure you start on the right path.

Easy application

Once you've decided on a study option for you, applying is simple, quick and, in many cases, free. We'll lead you through the admissions process, and will review your application and supporting documents to make sure everything is complete.

Find out more about support services:

▶ kaplanpathways.com/support

Pre-arrival guide

Before you travel abroad, we'll send you helpful pre-arrival information, containing useful tips about your study destination. This is a great way to learn more about the culture in which you'll be studying, and what you can do to prepare.

Student insurance

We'll also advise you on things such as insurance for your time abroad. For instance, we can offer a student insurance policy to cover you during your stay in the UK. If you're heading to the US, we will send you details of the university's health plan.

"I am part of the Pre-Enrolment team at Kaplan: I'll help make sure you're on track to enrol and begin your studies with us. I've studied abroad myself, so I know exactly how it feels to be an international student coming to a new environment."

After you arrive

Arriving in a new country is both exciting and challenging. We'll give you all the support you need as you discover your new home, so you can begin your studies with confidence.

Airport welcome

We can meet you at the airport when you arrive, with a friendly face to greet you from your flight. From the airport, we can take you directly to your new home, and make sure you're comfortable in your accommodation and surroundings.

Support team

Our support staff are here to help; they have years of experience helping international students adapt to life in another country. They'll organise activities during your pathway course, and will be happy and ready to assist you with any problems.

The best start

Your first week is all about settling in, and we'll help you with key things like registering with local health services, opening a bank account and more. There will also be lots of activities for you to get involved in, making it a great time to meet staff, explore the area and get to know other students.

Progression support

When the time comes for you to progress to your university degree, we'll support you through this important transition. You'll receive expert advice on the decisions ahead of you, and counselling about back-up options in case you don't meet the requirements for your first-choice degree.

Find out more about support services:

› kaplanpathways.com/support

"We've brought all these students together not just for the sake of completing a degree, but also for important connections and real-world experience. And it all starts at a simple social event where students might be sharing a meal, playing a game or just remembering each other's names. I look forward to it every semester!"

Vivienne Beshay

Assistant Director, International Pathways at Pace University

Your new home

When you go abroad to study, where you live is so important. Thankfully, you have some great accommodation options with us, offering modern facilities in safe surroundings.

Accommodation designed for you

It's easy to secure accommodation when you study with Kaplan. We offer high-quality housing with your study package, so there's no need to look anywhere else! When you take a pathway course with us, in many cases you are guaranteed accommodation as long as you apply for it in time. It's our way of helping ensure you have a smooth path to university life.

Modern living

Usually, you can stay in a Kaplan or university student residence, offering modern living spaces, with everything you need to feel at home. There will be social areas where you can make new friends, and you'll have easy access to your classes and university facilities. In the UK and Australia, you will usually have your own bedroom, while the tradition in the USA is to stay in a shared room – it's all part of the American college experience!

What is typically included?

- Your own private bedroom (shared in the USA)
- Private or shared bathroom
- Utility bills
- Internet and WiFi
- Private or shared kitchen

In some cases you'll have a meal plan, so there's no need to worry about cooking. In the UK, we will give you a student pack with essential items such as bedding and cooking utensils to get you started. It's one less thing to think about when packing!

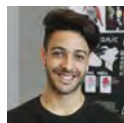

Other options

In addition to a Kaplan or university residence, you have other options for where to live. You might want to take advantage of a homestay, so you can live with an English-speaking host and experience traditional life. Whichever kind of accommodation you prefer, we'll help you live your way.

Find out more about accommodation:

▶ kaplanpathways.com/accommodation

"I'm staying at the Global Point residence in Nottingham. It's a really good social space for people like me, who arrived not knowing anyone. I quickly became familiar with the place and really got to know everyone. That made me feel comfortable very quickly!"

Find your future

Getting a university education is just the beginning. A good degree will open up all kinds of opportunities for you, and will help you begin a successful, exciting career.

Work experience

Many degrees at our partner universities offer work experience or a professional internship at a related business or organisation. This is a brilliant way to gain valuable practical knowledge of your subject, and can really help you stand out when looking for a job after graduation. That's exactly what Rebecca and Jecky (both pictured left) did on their path to a degree.

Potential careers

As a student at one of our partner universities, you'll be following a life-changing path taken by thousands of successful graduates. These talented people go on to have great careers and achieve fantastic things, often at famous global companies, and you can do the same! Take a look below at just some of the well-known employers who have hired graduates from our university partners.

Employers hiring graduates include:

Arts and media

- BBC
- Boston Symphony Orchestra
- Guardian Newspaper
- Sky Sports

Finance

- Bank of England
- Goldman Sachs
- MasterCard
- Santander

Management

- Accenture
- Deloitte
- Ernst & Young
- PricewaterhouseCoopers

Technology

- Apple
- Google
- Microsoft
- Siemens

Engineering

- BMW
- Boeing
- NASA
- Rolls-Royce

Law

- Clifford Chance LLP
- Eversheds
- Macfarlanes
- New York Supreme Court

Politics

- European Parliament
- House of Commons
- United Nations
- US Department of State

Transport

- British Airways
- Emirates Airline
- Network Rail
- Virgin Atlantic

"I received several job offers when I graduated from Pace University, and I'm so excited about my career. I couldn't have done it without Pace University or my pathway program. I learned so much, and I've made friends with people from all over the world!"

Rebecca from China (pictured left)

Start your path

Are you excited about studying abroad? Starting your path to university is simple: just follow the steps below, and find out what your future could be.

1.

Submit your application form.

We'll guide you through the entire application process, including what documents you'll need to send with or after your application. Just get in touch, or find out more via the link below.

› [kaplanpathways.com/how-to-apply](https://www.kaplanpathways.com/how-to-apply)

SUBMIT

2.

Receive an offer letter.

Once your complete application has been reviewed, you'll receive either an unconditional or conditional offer, or we can explore other study options with you.

3.

Accept your offer.

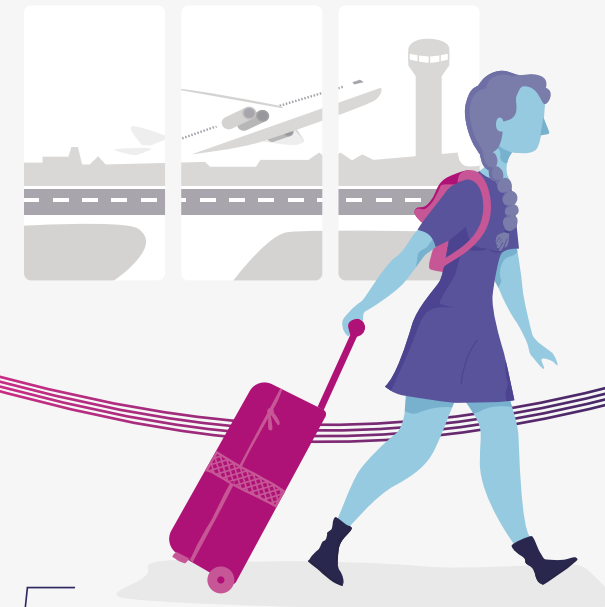

You'll do this by paying your deposit to study, putting you officially on the path to university. We can also confirm your accommodation at this point, so you'll have a safe place to live during your studies abroad.

4.

Obtain your student visa.

Wherever you're going to university, you'll need to obtain a student visa. We'll advise you on this important process, and send you the supporting documents you'll need for your visa application.

Departures →

5.

Book your flight and begin your studies.

The most important step – arrive in your destination country and begin your life-changing adventure as an international student!

About Kaplan

Kaplan International Pathways is a leading provider of global education, centred around you. Whoever you are, and wherever you are in the world, our goal is to help you achieve your goal. We passionately believe that a global education can still be personal.

Our story so far

We wouldn't be where we are today if it weren't for a man named Stanley Kaplan. Stanley faced challenges in getting an education himself in the 1930s, and wanted to make sure everyone had the opportunity to learn. This led him to create a test that was fair, so that students could enrol at university based on merit alone. Soon, Stanley's small education business began to thrive, and his success led to the creation of a whole new industry.

During the decades since then, Kaplan has changed and grown, but we still remember exactly why Stanley began his business. Sadly, he died in 2009, but his passion for fair education, available to everyone no matter who they are, lives on.

80

years since Kaplan was founded

20,000+

40+

universities for you to choose from

**YOUR
PATH
YOUR
WAY**

“We're still committed to Stanley's vision of fair education, and it's a vision we're taking to every corner of the world.”

Andrew Thick – Vice-President, Kaplan Pathways

“There was no greater thrill than watching a student's face at that moment of revelation when they finally grasped an idea.”

Stanley Kaplan – Founder, Kaplan Inc
